AGENDA

Wednesday 15 March 13:00 -->

Please note that the **starting time is important** as we have one participant (Nick Herold) joining via video from Australia (13 CET + 11h = 24 AEDT !)

A) Startup session 13:00-14:30 (max). Presentations to set the scene (max 15 min each)
- 1. Brief intro to workshop and practicalities (Lars, KNMI)
- 2. ET-SCI heatwaves etc. (Nick)
- 3. Overview of the INTENSE project and hi-res indices (Liz) (<--- first overview part)
- 4. Overview of the CF-convention (David)
- 5. Overview of the ECA&D (multi-variable) indices (Gerard)
- 6. Overview of global metadata (Christian)

B) Hand-on session
- 7. Hands-on work to make progress (and solve :-) on the ECA&D indices
    Preliminary two groups (to be changed according to interests):
- a) variable meta-data technicalities (standard name, cell-methods, threshold specification ...)
    - b) more general naming conventions (variable name, long name, links to global metadata)

Coffee break as we go...

8. Recap. of today's progress and conclusions (possibly move to next day)

Workshop Dinner -- details to be agreed on

Thursday 16 March 9:00 -->

C) Session on more complex indices
- 9. Examples of complex tailored user-defined 'indices' (Lars)
    - 10. Hi-res indices (Liz) (<--- second more technical part)
    - 11. ....

D) Hands- on session
- 12. Work focussing on more complex indices and overflow from Wednesday
    Coffee as we go, lunch in the KNMI canteen.

E) Review of progress, conclusions, next steps, wrap-up ...

Close 17:00 CET
